Specifica:
 L'armadio ad angolo scorrevole, presenta 2 schiene in più rispetto al battente/concavo.

Note for sliding doors only:
 The sliding door corner wardrobe has 2 more back panels than its hinged/concave counterpart.

Besonderheit:
 Ein Eckschrank mit Schiebetüren hat 2 Rückwände mehr als ein Eckschrank mit Flügeltüren/abgerundeten Türen.

- (*) Angolare compensatore (solo per angolo scorrevole)
- (*) Filler corner bracket (for sliding doors only)
- (*) Ausgleichswinkelplatte (Besonderheit bei Schiebetüren)

Regolazione
 Adjustment
 Einstellung

- Montaggio angolare compensatore (specifica per scorrevole)
- Fitting the filler corner bracket (for sliding doors)
- Montage der Ausgleichswinkelplatte (Besonderheit bei Schiebetüren)

Gli angolari compensatori vanno sempre montati prima del montaggio della cabina stessa.
 Filler corner brackets must always be fitted before assembling the actual wardrobe.
 Die Ausgleichswinkelplatten müssen immer vor dem eigentlichen Schrankaufbau montiert werden.

 Verschlusskappe Ø25

- 1 - Applicare la ferramenta sui pannelli.
 1 - Fit hardware on the panels.
 1 - Befestigen Sie die Beschläge an den Paneelen.

Posizionamento del montaggio:

Inserire sempre il montaggio con la freccia in direzione del foro per il tirante.

Fastener positioning:

Always insert the fastener with the arrow pointing towards the hole for the tie rod.

Positionierung des Gehäuses:

Setzen Sie das Gehäuse so ein, dass der Pfeil in Richtung der Öffnung für den Bolzen zeigt.

* Solo su anta CRYSTAL L.1523 agire sul tenditore per la regolazione.

* Adjust using the tie rod on 1523cm-wide CRYSTAL door only.

* Nur bei Tür CRYSTAL B.1523: Bitte verwenden Sie die Zugbolzen zur Türausrichtung für die Einstellung.

2 - Porre il profilo a terra e adagiarsi sopra con delicatezza i pannelli sino all'innesto completo del profilo.
 Congiungere i pannelli e avvitare gli eccentrici tramite la chiave a brugola data in dotazione.

2 - Place the profile on the ground and gently sit the panels on top until they slot all the way in.
 Join the panels together and tighten the eccentric fasteners using the Allen key provided.

2 - Legen Sie das Profil auf den Boden.
 Stellen Sie dann die Paneele vorsichtig so auf ihm ab, dass es vollständig in die Paneele einrasten.
 Verbinden Sie die Türpaneele und ziehen Sie die Exzenterschrauben mit dem beiliegenden Inbusschlüssel fest.

- 3 - Avvitare le apposite viti lungo i profili laterali.
- 3 - Screw in the relevant screws along the side profiles.
- 3 - Setzen Sie die Schrauben entlang der seitlichen Profile.

- 1 - Appoggiare il pannello inferiore a terra come in Fig. 1.
- 1 - Sit the lower panel on the ground as shown in Fig. 1.
- 1 - Stellen Sie das untere Paneel auf den Boden (siehe Abb. 1).

Attenzione: avere cura di appoggiare il pannello non direttamente sul pavimento per evitare di rovinare l'anta.

Please note: make sure you don't sit the panel directly on the floor so as not to damage the door.

Achtung: Achten Sie darauf, dass das Paneel nicht direkt auf dem Fußboden steht, damit die Tür nicht beschädigt wird.

Fig. 1
 Fig. 1
 Abb. 1

- 2 - Collegare il pannello superiore al pannello inferiore tramite i tiranti in confezione (Fig.2).
 Abbinare i pannelli inferiori SX-DX ai rispettivi pannelli superiori SX-DX.

- 2 - Connect the upper panel to the lower panel using the tie rods in the box (Fig.2).
 Match the lower panels LH-RH to their respective upper panels LH-RH.

- 2 - Verbinden Sie das obere und das untere Paneel mit den mitgelieferten Verbindungsbolzen (Abb. 2).
 Sichern Sie die unteren Panel LI-RE an die jeweiligen oberen Panel LI-RE.

Fig. 2
 Fig. 2
 Abb. 2

Posizionamento del montaggio:

Inserire sempre il montaggio con la freccia in direzione del foro per il tirante.

Fastener positioning:

Always insert the fastener with the arrow pointing towards the hole for the tie rod.

Positionierung des Gehäuses:

Setzen Sie das Gehäuse so ein, dass der Pfeil in Richtung der Öffnung für den Bolzen zeigt.

3 - Avvitare le piastre all'anta (Fig. 3) con le viti 6Mx15.

3 - Screw the plates onto the door (Fig. 3) using the M6x15 screws.

3 - Schrauben Sie die Grundplatte mit den Schrauben 6Mx15 an der Tür fest (Abb. 3).

Fig. 3
Fig. 3
Abb. 3

4 - Raddrizzare l'anta come in Fig. 4 per applicarla alla scocca.

4 - Sit the door upright as shown in Fig. 4 so that you can fit it to the carcass.

4 - Richten Sie die Tür auf (wie in Abb. 4 dargestellt) und befestigen Sie sie am Schrank.

Fig. 4
Fig. 4
Abb. 4

5 - Regolazione delle ante.

Agire con la chiavetta in dotazione per regolare l'eventuale curvatura dell'anta, seguendo le istruzioni nel disegno.

5 - Door adjustment.

Use the spanner provided to adjust any curve in the door, following the instructions on the drawing.

5 - Einstellung der Tür. Benutzen Sie den beiliegenden

Schlüssel wie in der Abbildung dargestellt zum Ausrichten der Tür, falls sie nicht gerade sein sollte.

Gli sbalzi termici possono provocare l'incurvamento dell'anta, è necessario, quindi, un periodico intervento di regolazione sui tiranti (ogni 6 mesi).
N.B.: Intervento da effettuare anche prima del montaggio.

Sudden changes in temperature can cause the door to warp, meaning it needs to be adjusted with the ties at regular intervals (every 6 months).
NB: This operation should also be performed prior to assembly.

Bei großen Temperaturschwankungen kann sich die Schiebtür verziehen. Sie muss daher in halbjährlichen Abständen neu ausgerichtet werden.
ANM.: Das Ausrichten und Spannen der Tür sollte auch vor der Montage durchgeführt werden.

- 2) Fasten adjustment strip "D" using the narrow strip provided.

Bei Flügel-/Falttören:

- 1) Befestigen Sie die Montageblende "C" mit den Schrauben E an der Deckplatte des Schrankes. Achten Sie auf die Bündigkeit nach vorn.
- 2) Stecken Sie nun die Blende "D" auf den Steg der Blende "C" auf.

[ITA] TERMINALE LATERALE
[ENG] SIDE END UNIT
[DEU] SEITLICHES SCHLUSSELEMENT

[ITA] L'installazione deve essere eseguita da personale specializzato.
 [ENG] Installation must be carried out by specialized personnel
 [DEU] Ausgebildetem Fachpersonal vorgenommen werden

[ITA] Un cacciavite medio a stella
 [ENG] Medium Phillips screwdriver
 [DEU] Mittelgroßer Kreuzschlitzschraubendreher

A

Reggipiano
 Shelf support
 Einlegebodenträger

Frontale sp.22 L.345 (H. come anta).
 A montaggio completato rimane sollevato da terra allineato ai frontali vicini
 22 mm thick - 345 mm wide fix front panel (as high as doors)
 After the installation it will be off the ground, at the same height as the door nearby
 22 mm stark - 345 mm breit fix Front (als hoch als die Türen)
 Nach der Installation wird die Front vom Boden entfernt sein, auf der gleichen Höhe wie die Tür daneben

- 1- Applicare i reggipiani A alla schiena terminale e al fianco laterale in corrispondenza dei fori appositamente predisposti.
- 1 - Insert the shelf supports (A) into the drillings made in the back panel and in the side panel
- 1 - die Halterungen der Fächer (A) in die Bohrungen in der Rückwand und in der Seitenwand einsetzen
- 2 - Posizionare la schiena terminale perpendicolare al fianco laterale e fissare i ripiani del terminale - con esclusione di quello in basso -
- 2 - Place the back panel perpendicular to the side panel and fix the shelves of the end unit - all but the bottom one
- 2 - Die Rückwand senkrecht zur Seitenwand stellen und die Fächer (alle außer der unterste) befestigen

- 3 - Applicare i reggipiani A al pannello frontale facendo attenzione al verso del pannello (vedi dettaglio sotto).
- 3 - Insert the shelf supports (A) into the front panel minding about the asymmetry of the drilling (see the drawing herewith)
- 3 - Die Halterungen der Fächer (A) in der Frontplatte einsetzen, bitte über die Asymmetrie Der Bohrung bemerken (siehe hiermit die Zeichnung)

- 4 - Posizionare il pannello frontale e fissarlo ai reggipiani facendolo scorrere dal basso verso l'alto e procedendo subito a bloccare i reggipiani (i ripiani sostengono il pannello frontale).
- 4 - Place the front panel and fix it to the shelf supports by sliding it from the bottom upwards. Secure immediately the shelf supports (they support the front panel)
- 4 - Die Front stellen, von unten nach oben schieben um sie an der Halterungen der Fächer zu befestigen. Die Halterungen sofort sichern (sie halten die Frontplatte)
- 5 - Applicare i piedini in dotazione sul ripiano inferiore ed agire sulla regolazione. Posizionare il ripiano inferiore a terra.
- 5 - Insert the feet supplied into the bottom shelf and adjust. Place the bottom shelf to the ground.
- 5 - Die gelieferte Füße in den unteren Fach einsetzen und verstellen, dann den Fach an den Boden setzen
