Specifica:

L'armadio ad angolo scorrevole, presenta 2 schienale in più rispetto al battente/concavo.

Note for sliding doors only:

The sliding door corner wardrobe has 2 more back panels than its hinged/concave counterpart.

Besonderheit:

Ein Eckschrank mit Schiebetüren hat 2 Rückwände mehr als ein Eckschrank mit Flügeltüren/abgerundeten Türen.

(*) Angolare compensatore (solo per angolo scorrevole)

(*) Filler corner bracket (for sliding doors only)

(*) Ausgleichswinkelplatte (Besonderheit bei Schiebetüren)

Montaggio del ripiano
 Fitting the shelf
 Montage des Einlegebodens

Regolazione
 Adjustment
 Einstellung

- Montaggio angolare compensatore (specifica per scorrevole)
- Fitting the filler corner bracket (for sliding doors only)
- Montage der Ausgleichswinkelplatte (Besonderheit bei Schiebetüren)

Gli angolari compensatori vanno sempre montati prima del montaggio della cabina stessa.

Filler corner brackets must always be fitted before assembling the actual wardrobe.

Die Ausgleichswinkelplatten müssen immer vor dem eigentlichen Schrankaufbau montiert werden.

 Ø12,5x3 buffers
 Anschlagdämpfer Ø12,5x3

ATTENZIONE!!! SOLO PER ANTE SPESSORE 22mm
PLEASE NOTE!!! FOR 22mm-THICK DOORS ONLY
ACHTUNG!!! NUR FÜR TÜREN MIT EINER BREITE VON 22mm

POSIZIONAMENTO PARACOLPI:

BUFFER POSITIONING:

POSITIONIERUNG DES ANSCHLAGDÄMPFERS:

Montare il paracolpi come indicato da figura tenendolo a filo anta sulla parte superiore. La stessa operazione va effettuato sulla parte inferiore dell'anta.

Fit the buffer as illustrated, keeping it flush with the door at the top. You will need to repeat the procedure at the bottom of the door.

Montieren Sie den Anschlagdämpfer, wie in der Abbildung dargestellt, bündig mit der Türoberkante. Führen Sie die gleichen Schritte an der Türunterkante durch.

Verschlusskappe Ø25

- 1 - Applicare la ferramenta sui pannelli.
- 1 - Fit hardware on the panels.
- 1 - Befestigen Sie die Beschläge an den Paneelen.

Posizionamento del montaggio:

Inserire sempre il montaggio con la freccia in direzione del foro per il tirante.

Fastener positioning:

Always insert the fastener with the arrow pointing towards the hole for the tie rod.

Positionierung des Gehäuses:

Setzen Sie das Gehäuse so ein, dass der Pfeil in Richtung der Öffnung für den Bolzen zeigt.

* Solo su anta CRYSTAL L.1523 agire sul tenditore per la regolazione.

* Adjust using the tie rod on 1523cm-wide CRYSTAL door only.

* Nur bei Tür CRYSTAL B.1523: Bitte verwenden Sie die Zugbolzen zur Türausrichtung für die Einstellung.

2 - Porre il profilo a terra e adagiarvi sopra con delicatezza i pannelli sino all'innesto completo del profilo.
Congiungere i pannelli e avvitare gli eccentrici tramite la chiave a brugola data in dotazione.

2 - Place the profile on the ground and gently sit the panels on top until they slot all the way in.
Join the panels together and tighten the eccentric fasteners using the Allen key provided.

2 - Legen Sie das Profil auf den Boden.
Stellen Sie dann die Paneele vorsichtig so auf ihm ab, dass es vollständig in die Paneele einrasten.
Verbinden Sie die Türpaneele und ziehen Sie die Exzentrerschrauben mit dem beiliegenden Inbusschlüssel fest.

- 3 - Avvitare le apposite viti lungo i profili laterali.
- 3 - Screw in the relevant screws along the side profiles.
- 3 - Setzen Sie die Schrauben entlang der seitlichen Profile.

- 1 - Applicare il profilo intermedio al pannello (Fig. 1) con le viti in dotazione (viti A).
- 1 - Fit the intermediate profile on the panel (Fig. 1) using the screws provided (screws A).
- 1 - Befestigen Sie das mittlere Profil am Paneel (Abb. 1). Verwenden Sie dazu die beiliegenden Schrauben (A).

- 2 - Unire i pannelli inferiore e superiore e bloccarli con i tiranti (Fig. 2).
- 2 - Join the lower and upper panels together and secure in place with the tie rods (Fig. 2).
- 2 - Fügen Sie das untere und das obere Paneel zusammen und arretieren Sie beide mit den Verbindungsbolzen (Abb. 2).

Posizionamento del montaggio:

Inserire sempre il montaggio con la freccia in direzione del foro per il tirante.

Fastener positioning:

Always insert the fastener with the arrow pointing towards the hole for the tie rod.

Positionierung des Gehäuses:

Setzen Sie das Gehäuse so ein, dass der Pfeil in Richtung der Öffnung für den Bolzen zeigt.

- 3 - Inserire la gola laterale e fissarla con le viti (A) al pannello (Fig. 3).
- 3 - Insert the side profile and fasten it to the panel with the screws (A) (Fig. 3).
- 3 - Fügen Sie die seitliche Griffille hinzu und arretieren Sie sie mit den Schrauben (A) am Paneel (Abb. 3).

1 - Appoggiare il pannello inferiore a terra come in Fig. 1.

1 - Sit the lower panel on the ground as shown in Fig. 1.

1 - Stellen Sie das untere Paneel auf den Boden (siehe Abb. 1).

Attenzione: avere cura di appoggiare il pannello non direttamente sul pavimento per evitare di rovinare l'anta.

Please note: make sure you don't sit the panel directly on the floor so as not to damage the door.

Achtung: Achten Sie darauf, dass das Paneel nicht direkt auf dem Fußboden steht, damit die Tür nicht beschädigt wird.

2 - Collegare il pannello superiore al pannello inferiore tramite i tiranti in confezione (Fig.2).

Abbinare i pannelli inferiori SX-DX ai rispettivi pannelli superiori SX-DX.

2 - Connect the upper panel to the lower panel using the tie rods in the box (Fig.2).

Match the lower panels LH-RH to their respective upper panels LH-RH.

2 - Verbinden Sie das obere und das untere Paneel mit den mitgelieferten Verbindungsbolzen (Abb. 2).

Sichern Sie die unteren Panel LI-RE an die jeweiligen oberen Panel LI-RE.

Fig. 2
Fig. 2
Abb. 2

Posizionamento del montaggio:

Inserire sempre il montaggio con la freccia in direzione del foro per il tirante.

Fastener positioning:

Always insert the fastener with the arrow pointing towards the hole for the tie rod.

Positionierung des Gehäuses:

Setzen Sie das Gehäuse so ein, dass der Pfeil in Richtung der Öffnung für den Bolzen zeigt.

3 - Avvitare le piastre all'anta (Fig. 3) con le viti 6Mx15.

3 - Screw the plates onto the door (Fig. 3) using the M6x15 screws.

3 - Schrauben Sie die Grundplatte mit den Schrauben 6Mx15 an der Tür fest (Abb. 3).

Fig. 3
Fig. 3
Abb. 3

4 - Raddrizzare l'anta come in Fig. 4 per applicarla alla scocca.

4 - Sit the door upright as shown in Fig. 4 so that you can fit it to the carcass.

4 - Richten Sie die Tür auf (wie in Abb. 4 dargestellt) und befestigen Sie sie am Schrank.

Fig. 4
Fig. 4
Abb. 4

5) Regolazione delle ante nel caso della presenza dei tenditori raddrizzanti sull'anta.

Agire con la chiave da 8 mm per regolare l'eventuale curvatura dell'anta, seguendo le istruzioni nel disegno.

5) Adjusting doors fitted with door-aligning tensioners.

Use a 8mm spanner to adjust any curve in the door, following the instructions on the drawing.

5) Einstellung der Türen bei Vorhandensein von Spannbolzen zur Türausrichtung.

Benutzen Sie den Schlüssel wie in der Abbildung dargestellt zum Ausrichten der Tür, falls sie sich verzogen haben sollte oder nicht gerade ist.

Gli sbalzi termici possono provocare l'incurvamento dell'anta, è necessario, quindi, un periodico intervento di regolazione sui tiranti (ogni 6 mesi).
N.B.: Intervento da effettuare anche prima del montaggio.

Sudden changes in temperature can cause the door to warp, meaning it needs to be adjusted with the ties at regular intervals (every 6 months).
NB: This operation should also be performed prior to assembly.

Bei großen Temperaturschwankungen kann sich die Schiebtür verziehen. Sie muss daher in halbjährlichen Abständen neu ausgerichtet werden.
ANM.: Das Ausrichten und Spannen der Tür sollte auch vor der Montage durchgeführt werden.

1 - Fissaggio del profilo a "L".

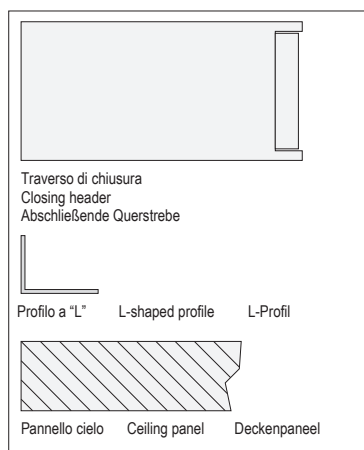

Unire il profilo ad "L" alla barra di rinforzo, utilizzando le apposite viti C, quindi fissare il pannello cielo al profilo con le viti E.

1 - Fastening the L-shaped profile.

Join the L-shaped profile to the reinforcing bar using the relevant screws C, then fasten the ceiling panel to the profile using screws E.

1 - Befestigung des L-Profiles.

Verbinden Sie das L-Profil mit der Verstärkungsleiste. Verwenden Sie dafür die Schrauben C. Befestigen Sie dann mit den Schrauben E das Deckenpaneel am Profil.

- 2 - Fissaggio delle squadrette sagomate.
- 2 - Fastening the shaped brackets.
- 2 - Befestigung der L-förmigen Winkelplatten.

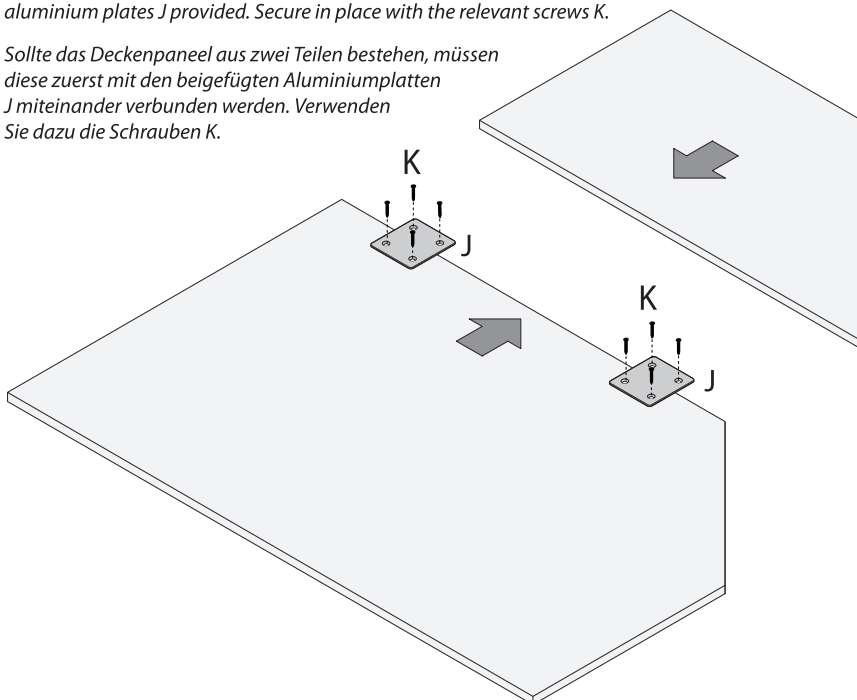

- 3 - Fissaggio del tappo angolare.
- 3 - Fastening the corner cap.
- 3 - Befestigung des Eckverschlusses.

Se il cielo è in due pezzi deve prima essere fissato con delle squadrette in alluminio J date in dotazione. Bloccate con le apposite viti K.

If the ceiling panel comes in two pieces, you will need to join it together first with the aluminium plates J provided. Secure in place with the relevant screws K.

Sollte das Deckenpaneel aus zwei Teilen bestehen, müssen diese zuerst mit den beigefügten Aluminiumplatten J miteinander verbunden werden. Verwenden Sie dazu die Schrauben K.

La fascia di supporto è presente solo se la cabina necessita di essere fissata a muro, in pratica non presenta altra struttura di supporto. La fascia in questione viene quindi fissata con dei fischer presenti in confezione.

The support strip is only included if the closet needs to be fastened to the wall and essentially does not have any other supporting structure. The strip in question must therefore be fastened with the screw anchors provided in the box.

Die Trägerleiste liegt nur bei, wenn der begehbare Schrank an der Wand befestigt wird. In diesem Fall weist er keine weitere tragende Struktur auf. Verwenden Sie für die Montage der Trägerleiste die beiliegenden Dübel.

Fascia Verticale
Vertical Strip
Senkrechte Blende

Fissaggio fascia VERTICALE:

Fastening the VERTICAL strip:

Befestigung der SENKRECHTEN Blende:

Battente/Pieghevole:

- 1) Al fianco armadio v'è fissata la fascia "A" di aggiustaggio con le viti E in dotazione, facendo attenzione all'allineamento sul davanti come mostrato nel disegno.
- 2) Fissare la fascia "B" alla fascia "A" mediante la verga.

Hinged/Folding door:

- 1) Fasten adjustment strip "A" to the wardrobe's side panel using screws E provided, making sure it is properly aligned at the front as illustrated.
- 2) Fasten adjustment strip "B" to adjustment strip "A" using the narrow strip provided.

Bei Flügel-/Falttören:

- 1) Befestigen Sie die Montageblende "A" mit den Schrauben E an der Schrankseitenwand. Achten Sie auf die Bündigkeit nach vorn, wie in der Abbildung dargestellt.
- 2) Stecken Sie nun die Blende "B" auf den Steg der Blende "A" auf.

Scorrevole/Battente/Pieghevole:

- 1) Al fianco armadio v'è fissata la fascia "A" di aggiustaggio con le viti E in dotazione.
- 2) Fissare la fascia "B" alla fascia "A" mediante la verga.

Sliding/Hinged/Folding door:

- 1) Fasten adjustment strip "A" to the wardrobe's side panel using screws E provided.
- 2) Fasten adjustment strip "B" to adjustment strip "A" using the narrow strip provided.

Bei Schiebe-/Flügel-/Falttören:

- 1) Befestigen Sie die Montageblende "A" mit den Schrauben E an der Schrankseitenwand.
- 2) Stecken Sie nun die Blende "B" auf den Steg der Blende "A" auf.

Fissaggio fascia ORIZZONTALE:

Fastening the HORIZONTAL strip:

Befestigung der WAAGERECHTEN Blende:

Battente/Pieghevole:

- 1) Al cappello armadio v'è fissata la fascia "C" di aggiustaggio con le viti E in dotazione, allineandola sempre con la parte frontale.
- 2) Fissare la fascia "D" alla fascia "C" mediante la verga.

Hinged/Folding door:

- 1) Fasten adjustment strip "C" to the wardrobe's top cover using screws E provided, again lining it up with the front.
- 2) Fasten adjustment strip "D" using the narrow strip provided.

Bei Flügel-/Falttören:

- 1) Befestigen Sie die Montageblende "C" mit den Schrauben E an der Deckplatte des Schrankes. Achten Sie auf die Bündigkeit nach vorn.
- 2) Stecken Sie nun die Blende "D" auf den Steg der Blende "C" auf.

[ITA] TERMINALE LATERALE
[ENG] SIDE END UNIT
[DEU] SEITLICHES SCHLUSSELEMENT

[ITA] L'installazione deve essere eseguita da personale specializzato.
 [ENG] Installation must be carried out by specialized personnel
 [DEU] Ausgebildetem Fachpersonal vorgenommen werden

[ITA] Un cacciavite medio a stella
 [ENG] Medium Phillips screwdriver
 [DEU] Mittelgroßer Kreuzschlitzschraubendreher

A
 Reggripiano
 Shelf support
 Einlegebodenträger

- 1 - Applicare i reggipiani A alla schiena terminale e al fianco laterale in corrispondenza dei fori appositamente predisposti.
- 1 - Insert the shelf supports (A) into the drillings made in the back panel and in the side panel
- 1 - die Halterungen der Fächer (A) in die Bohrungen in der Rückwand und in der Seitenwand einsetzen

- 2 - Posizionare la schiena terminale perpendicolare al fianco laterale e fissare i ripiani del terminale - con esclusione di quello in basso -
- 2 - Place the back panel perpendicular to the side panel and fix the shelves of the end unit - all but the bottom one
- 2 - Die Rückwand senkrecht zur Seitenwand stellen und die Fächer (alle außen der unterste) befestigen

- 3 - Applicare i reggipiani A al pannello frontale facendo attenzione al verso del pannello (vedi dettaglio sotto).
- 3 - Insert the shelf supports (A) into the front panel minding about the asymmetry of the drilling (see the drawing herewith)
- 3 - Die Halterungen der Fächer (A) in der Frontplatte einsetzen, bitte über die Asymmetrie Der Bohrung bemerken (siehe hiermit die Zeichnung)

Frontale sp.22 L.345 (H. come anta).

A montaggio completato rimane sollevato da terra allineato ai frontali vicini

22 mm thick - 345 mm wide fix front panel (as high as doors)

After the installation it will be off the ground, at the same height as the door nearby

22 mm stark - 345 mm breit fix Front (als hoch als die Türen)

Nach der Installation wird die Front vom Boden entfernt sein, auf der gleichen Höhe wie die Tür daneben

- 4 - Posizionare il pannello frontale e fissarlo ai reggipiani facendolo scorrere dal basso verso l'alto e procedendo subito a bloccare i reggipiani (i ripiani sostengono il pannello frontale).
- 4 - Place the front panel and fix it to the shelf supports by sliding it from the bottom upwards. Secure immediately the shelf supports (they support the front panel)
- 4 - Die Front stellen, von unten nach oben schieben um sie an der Halterungen der Fächer zu befestigen. Die Halterungen sofort sichern (sie halten die Frontplatte)
- 5 - Applicare i piedini in dotazione sul ripiano inferiore ed agire sulla regolazione. Posizionare il ripiano inferiore a terra.
- 5 - Insert the feet supplied into the bottom shelf and adjust. Place the bottom shelf to the ground.
- 5 - Die gelieferte Füße in den unteren Fach einsetzen und verstellen, dann den Fach an den Boden setzten
