CATALOGUE  
2021

The mark of responsible forestry

As the world becomes more conscious of environmental issues consumers are increasingly seeking reassurance that the goods they purchase have been produced in an eco-friendly fashion. Therefore since the beginning of 2014, Vipack decided to comply with the Forest Stewardship Council® (FSC®) regulation. In this way Vipack is contributing in its way to the conservation of the environment. We take our responsibility seriously and work to ensure that future generations will also have the opportunity to fulfil their needs. Not all products are FSC certified. All collections marked with a “\*” on the index are FSC certified.
